# Things to do in Gothenburg

---

## World of Volvo

Gothenburg's new experience centre, World of Volvo, opened its doors in April 2024.

In the 22,000-square-metre building, you can enjoy both temporary and permanent exhibitions, cultural events, and lectures – as well as food and drink experiences featuring flavours from around the globe.

## Liseberg

A summer's day at Liseberg is a vibrant and thrilling experience for both young and old. While much at Liseberg is make-believe, the experiences are very real. Here, you'll find everything from exhilarating rides and concerts to more peaceful moments with classic carousels, candyfloss, game stalls and wheels of fortune.

## Haga

Take a stroll to the old parts of Gothenburg and wander the charming streets of Haga. The historic atmosphere has been preserved, and today Haga is a delightful pedestrian-friendly district filled with cosy cafés, shops, and restaurants.

Don't miss the chance to walk up to Skansen Kronan for a stunning view over a large part of Gothenburg!

## Universeum

Universeum is Sweden's national science centre and a dynamic hub for education and public learning in the fields of natural science, technology, and sustainable development. Here, the world's oceans and the Amazon rainforest meet chemistry labs, tech workshops, and the vastness of space. A must-visit if you're travelling with children

## Saluhallen

There's something special about shopping in a food hall, isn't there? Just a stone's throw from Hôtel Eggers, at Kungstorget, you'll find Gothenburg's Saluhallen, which has stood here since 1888. It has been a popular marketplace for locals ever since. With around 40 vendors, the Saluhallen offers a wide variety of food from many different cultures.

## Slottsskogen

For over a hundred years, Slottsskogen has been a beloved park where locals come to relax, socialise, and exercise. There's something here for everyone – vast lawns for leisure, playgrounds, historic buildings, cafés, and various activities, along with untouched nature and walking paths. It's also home to one of Sweden's oldest zoos, featuring wild and Nordic animals.

## Trädgårdsföreningen

Right next to Hôtel Eggers lies the Garden Society of Gothenburg – one of the best-preserved 19th-century parks in Europe. Here you'll also find the Alfie Atkins Cultural Centre. Curious children and their parents can enjoy theatre performances, play in Alfie's living room, fly a helicopter, learn exciting new things and explore clever creations.

## Botanical Garden

Take a walk through the Botanical Garden, one of the largest of its kind in Europe, spanning 175 hectares. The greenhouses at the Botanical Garden house 4,000 different plant species – including Sweden's largest collection of tropical orchids, carnivorous plants, and the rare Easter Island tree, which is extinct in the wild.

## Sustainable Shopping

Finding vintage and second-hand treasures in Gothenburg is easy. You'll discover everything from fine antique shops to larger second-hand stores. There are plenty of vintage boutiques, especially in areas like Haga, Linné, the city centre, and around Avenyn. Some of our favourites include Beyond Retro, Broadway & Sons or the Vintage Family at NK for something more luxurious!
